

Xaloc Tavolo Basso 50

by Hector Serrano

Quel vento così nostro, del Mediterraneo. Armonico. Variabile. Onnipresente. Fresco. Capace di erodere e scolpire linee morbide, come l'alluminio fuso. Docile. Organico. Modellabile. La varietà di tessuti, colori e pezzi ci permette di portare all'esterno l'eleganza e il calore degli spazi interni. Xaloc ha strutture in alluminio e connessioni pressofuse di alta qualità.

Dieser Wind so unser, des Mittelmeers. Harmonisch. Variable. Allgegenwärtig. Frisch. Kann weiche Linien wie Aluminiumguss erodieren und formen. Fügsam. Organisch. Modellierbar. Die Vielfalt an Stoffen, Farben und Stücken ermöglicht es uns, die Eleganz und Wärme der Innenräume nach außen zu bringen. Xaloc hat Aluminiumstrukturen und hochwertige Druckgussverbindungen.
